

LEOH PARTY DAY

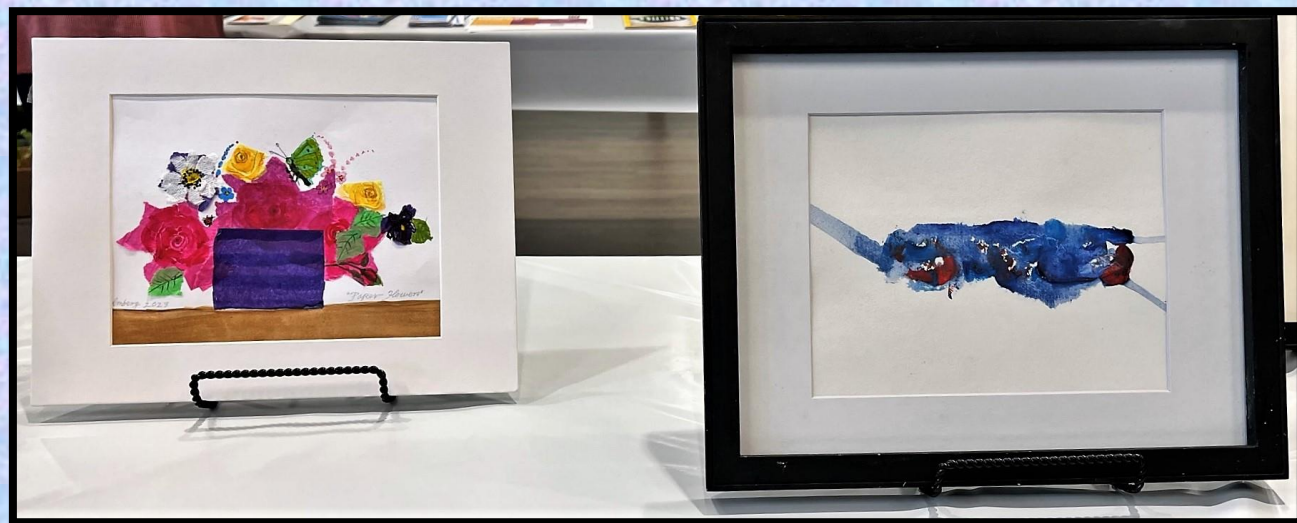

May 11, 2023

Party Day was the time to celebrate the successful completion of the Spring 2023 LEOH session!

Everyone enjoyed refreshments and visiting with fellow members, while admiring the artistic renderings of art instructor Marie Schaer's watercolor class. In addition, there were numerous crocheting projects to appreciate, from a group of members who met weekly in a beginner's course.

The patriotically-themed table decorations were in honor of the upcoming Memorial Day holiday, a day set aside to remember those in the military who gave their lives in service to our great country.

The display table giveaways included plants this time!

And not everyone enjoys having their picture taken.

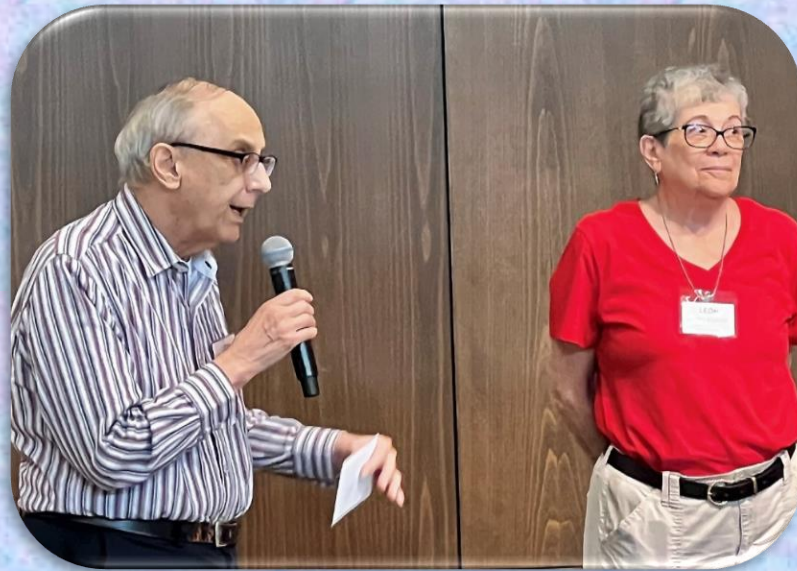

Art instructor Marie Schaer takes another look at the works of art done by her students, while pastor Lataya and others admire crochet creations.

After everyone had the opportunity to enjoy viewing watercolor and crochet creations, while visiting with each other and enjoying light refreshments, it was time for entertainment! Everyone enjoyed a variety of musical selections from Kathy and George Jolly!

Next, it was *Thank You* time. Mary Mahon coordinated the acknowledgements given to the LEOH member volunteers and Bellaire UMC staff who ensure that everyone has the opportunity to enjoy all that LEOH has to offer! Last but definitely not least, President Ken Euler was thanked for his oversight and dedication to ensuring LEOH's success!

Bellaire UMC associate pastor Lataya Simpson offered a lunchtime prayer. She has been an avid LEOH supporter, and we wish her well as she moves on to pastor her own church.

Sandra and Rosalie check attendance and handle any additional donations, as members anticipate lining up for a special BBQ lunch from *Old Hickory Inn*.

Above, part of the dedicated LEOH "Kitchen Crew" begin setting the food tables.

Everyone enjoyed lunch and the opportunity to visit with each other, before adjourning until the Fall session!
